
Youth Member Enrollment for Ages 19-21

4-H Online Staff Managers must assist in the online enrollment process of youth members whose 4-H Program Age exceeds 18. If the family attempts to begin online enrollment on their own, the youth will be categorized as an Adult and will go through volunteer process.

Please review [Kansas 4-H Policy](#) if there are questions regarding eligibility requirements.

If you are ready to begin enrollment, please contact a 4-H professional at your local [Extension office](#) for assistance.
